

September 2020

Dear Catholic school families, educators, leaders and supporters,

The call to the New Evangelization is at the heart of all ministerial initiatives within the Diocese of Grand Rapids, including Catholic schools and parish faith formation programs. In 2018, the Office of Catholic Schools updated curriculum standards in all content areas to express a renewed zeal and commitment to know and love Jesus and the Church. The curriculum standards for each content area addressed key understandings of Church teaching so that a student's entire course of study was comprised of Catholic identity at its core. Throughout their studies in our Catholic schools, students grow in their love of Christ and in their understanding of the Catholic Church.

Presently, we are pleased to present the Diocese of Grand Rapids Theology Curriculum Framework for Catholic Schools and Parish Faith Formation Programs. The Curriculum Framework is structured to be comprehensive in scope. There are three parts: **encounter, grow, and witness**. Throughout students' experiences in our Catholic schools, they are provided intentional moments to **encounter** Jesus Christ through activities such as participating in Mass, receiving the sacraments, and acts of service. Students **grow** in their understanding of Church teaching in all subject areas, including a renewed rigor in their understanding of Catholic theology. They are also empowered to **witness** God's love to the world. The three parts of the paradigm are not intended to be steps in a sequence, but an integrated framework throughout a student's experience, rooted in the pillars of the Catechism of the Catholic Church. This paradigm leads the faithful into a life of discipleship.

The curriculum framework also includes an emphasis on the Theology of the Body. Beginning in 2019-20, the teachers and school leaders in the Diocese of Grand Rapids have spent substantial time in prayerful reflection and specific formation on the teachings of Saint John Paul II, specifically his 129 Wednesday audiences that address the Church's integrated vision of the human person. It is through these teachings of the Theology of the Body that we understand who we are, as created in the image and likeness of God, and who we are called to be in this life. It is with great enthusiasm that we partner with families to model the fullness of God's intention for our existence and present our Catholic worldview, which is countercultural to today's secular world. Theology of the Body offers an inspiring vision for human flourishing through the knowledge of God's great love for us, inviting us to reject sin and embrace virtue. Truly, it is a gift to our fallen world to form students in this teaching.

Developing the theology curriculum framework has been a prayerful process between the offices of Faith Formation and Catholic Schools. The drafting and review of the framework has involved educators, administrators and clergy. The final review was completed by Most Reverend David J. Walkowiak, bishop of Grand Rapids. Like with all curriculum revisions, an annual review will allow us to update the document to reflect what is best for our schools and parish faith formation programs.

In sharing this document with you, we invite you to explore how our alliance of Catholic schools strives to provide our students with an outstanding education where they can grow in faith and grace, achieve more in school and life, develop creativity and character, and feel welcome and cherished.

In Christ,
